

DialogueQuestions.CallQuest

DialogueQuestions.OnBack

DialogueQuestions.CloseQuestions

```
graph LR; A[DialogueQuestions.CallQuest] --> C[DialogueQuestions.CloseQuestions]; B[DialogueQuestions.OnBack] --> C;
```

The diagram illustrates a flow where two methods, DialogueQuestions.CallQuest and DialogueQuestions.OnBack, both point to a single method, DialogueQuestions.CloseQuestions. The arrows indicate a directed relationship from the left-hand methods to the right-hand method.
