

Assets

The diagram illustrates the structure of 'Assets'. It features a large light blue rectangle with a dashed border. Inside this rectangle, at the top, is the word 'Assets'. Below it is a smaller light blue rectangle with a solid black border. This inner rectangle contains four elements: the word 'Scripts' on the left, and three smaller blue rectangles with black borders on the right. These three rectangles are labeled 'Framework', 'Network', and 'Seralizable' (note the spelling) from left to right.

Scripts

Framework

Network
